00 **MEETING**

I ATTENDED THE MONTHLY HHOT MEETING AND BELOW IS A SYNOPSIS OF WHAT WAS DISCUSSED:

Antquan started the meeting with introductions.

He began with explaining future CES housing opportunities. He defined 'match ready' clients as 1) completing the initial survey and 2) having all documents needed for HACLA (a valid CA ID, Social Security card, disability paperwork, homeless verification, income verification, and HACLA voucher.

- Housing for Health applications involves two or more visits to the hospital or emergency clinic within a 12 month period. It includes both medical and mental treatment.
- DMH vouchers must meet strict DMH protocol which involve a acceptable priority score, an open case with DMH and match ready.
- VASH vouchers
- Project based housing which include case management on site. Clients may have to share bathrooms, kitchens, etc.
- PATH CES bed contracts are available but there are none available at this time. There is a list for those clients who have completed the CES assessment, matched or 10+ on the CES equity scale, TB test within the last 90 days, homeless verification and PATH referral sheet.

in two large sums- it is for the Guard Reserve and those Veterans with a dishonorable discharge. Unfortunately, HACLA can not be involved with those clients that have prior evictions or certain felony convictions. There was confrontation between case workers and the representative from HACLA. The HACLA representative stated their only disclaimers are sex offenders and prior convictions for methamphetamine manufacturing.

There is a list of winter shelters in the area that has been distributed. Glendale's Armory is often used by homeless in the area. Amie from the Lord's Lighthouse explained her shelter which will opening January 3rd, 2016 and open for eight weeks. This will be their fifth year at the Gower Presbyterian Church. She pointed out the importance of focusing on those persons that are unable to make it to one of the larger shelters. It allows potential clients to have a comfortable environment, good food and surroundings that might make them more comfortable working with an agency. She pointed out Rachel Levi, who stays in front of the Methodist Church at Franklin Avenue and Highland Avenue. That is the clientele they are looking for. There will be 27 beds and open at 1800 hours. Dinner will be served nightly before bed and breakfast in the morning.

There were no new updates as of this time. Housing Works is looking for Phillip Creech. We were asked to contact Anthony if he is seen.

Richard McFarthing's conservatorship was granted by the court- he was found gravely disabled. He is currently being held at Oliveview Hospital until he is well enough to be transported to a care facility.

Deputy City Attorney Jackie Lawson was also present for the meeting. She explained her excitement being involved with the homeless community and outreach services. She also advised she will be involved in a homeless court citation clinic. We were first introduced to this back in 2009 at YIMBY. It will involve clients / potential clients to purge small violations by assisting the outreach agency with community service. In turn, the violation will be dismissed with no fine or fee. It is scheduled to take place on January 20th, 2016. Exact time and location to follow.
